

Dear Angus Yip,

Appreciation for your remarkable contribution to the
Nurturing Social Minds 2020 Programme

I am writing this letter to express our sincere appreciation for your outstanding contribution to the Nurturing Social Minds 2020 programme. It was very helpful that you dedicated yourself to produce the Web-based Game “Just Say Competition Prototype” for the Nurturing Social Minds 2020 Competition. Your diligent effort, dedication and enthusiasm has led us to achieve huge success in the competition and has given us a fruitful result eventually.

We are grateful to have your contribution in the programme, and we truly value your contribution in bringing this programme to fruition and creating positive social impact. I appreciate your contribution and the time you spent with us to help the competition go well.

Best wishes,
Raymond Yang
Co-founder, JUST FEEL
